Dear Mr Peck,

### **RE: Land North West Of Goring Railway Station Goring Street Worthing West Sussex**

Thank you for your correspondence of the 18<sup>th</sup> August 2020, advising me of a planning application for Mixed use development comprising up to 475 dwellings along with associated access, internal roads and footpaths, car parking, public open space, landscaping, local centre (uses including A1, A2, A3, A4, A5, D1, D2, as proposed to be amended to use classes E, F and Sui Generis) with associated car parking, car parking for the adjacent railway station, undergrounding of overhead HV cables and other supporting infrastructure and utilities (Outline with all matters reserved) at the above location, for which you seek advice from a crime prevention viewpoint.

I have had the opportunity to examine the detail within the application and in an attempt to reduce the opportunity for crime and the fear of crime I offer the following comments from a Secured by Design (SBD) perspective. SBD is owned by the UK Police service and supported by the Home Office and Building Control Departments in England (Part Q Security – Dwellings), that recommends a minimum standard of security using proven, tested and accredited products. Further details can be found at [www.securedbydesign.com](http://www.securedbydesign.com)

The National Planning Policy Framework demonstrates the government's aim to achieve healthy, inclusive and safe places which are safe and accessible, so that crime and disorder, and the fear of crime, do not undermine the quality of life or community cohesion. With the level of crime and anti-social behaviour in Worthing district being above average when compared with the rest of Sussex, I have no major concerns with the proposals, however, additional measures to mitigate against any identified local crime trends and site specific requirements should be considered.

Mr Peck  
Planning Officer  
Planning Services  
Adur & Worthing Councils

Due to the application being outline, my comments will be broad with more in-depth advice being delivered at reserved matters.

With regards to the residential element of the proposal I direct the applicant or their agent to our website at [www.securedbydesign.com](http://www.securedbydesign.com) where the SBD Homes 2019 Version 2 document can be found. The Secured by Design scheme is a Police initiative to guide and encourage those engaged within the specification, design and build of new homes, and those undertaking major or minor property refurbishment, to adopt crime prevention measures. The advice given in this guide has been proven to reduce the opportunity for crime and the fear of crime, creating safer, more secure and sustainable environments.

With regards to the commercial element of the proposal I direct the applicant or their agent to our website at [www.securedbydesign.com](http://www.securedbydesign.com) where the Secured by Design (SBD) Commercial Development 2015 Version 2 document can be found. This is a comprehensive document that encapsulates both commercial developments where the public have no formal access, e.g. factory or office buildings, and those where public access is integral to the commercial use such as retail premises, leisure centres and public buildings. This document will be able to provide the applicant with in-depth crime prevention advice pertinent to the design and layout.

The applicant may also wish to consider applying for a Parkmark accreditation for the proposed car parking area. Parkmark and the Safer Parking Scheme is owned by Police Crime Prevention Initiatives Ltd on behalf of the police service and managed by the British Parking Association. It is aimed at reducing both crime and the fear of crime in parking facilities. Details can be found at [www.parkmark.com](http://www.parkmark.com)

I would also ask you to note that Sussex Police is now exploring the impact of growth on the provision of policing infrastructure over the coming years and further comment on this application may be made by our Joint Commercial Planning Manager.

Thank you for giving me an opportunity to comment.

The Crime & Disorder Act 1998 heightens the importance of taking crime prevention into account when planning decisions are made. Section 17 of the Act places a clear duty on both police and local authorities to exercise their various functions with due regard to the likely effect on the prevention of crime and disorder. You are asked to accord due weight to the advice offered in this letter which would demonstrate your authority's commitment to work in partnership and comply with the spirit of The Crime & Disorder Act.

Yours sincerely

**Miss Lee A Melbourne**  
**Designing Out Crime Officer**  
**Sussex Police Headquarters**
