Freedom of Information Request below

Questions 1 to 9 of this request relate to data held by the <u>Housing Department</u>. Questions 10 to 13 of this request relate to data held by the <u>Planning Department</u>.

Housing Register

- 1. The total number of households on the Council's Housing Register at 31 March 2023. 1771 (Worthing Borough Council)
- 2. The average waiting times at <u>31 March 2023</u> for the following types of affordable property across the Authority: We are unable to provide average waiting times for applicants to be successful in bidding for a property through the Housing Register. We do not record our data in a way that measures waiting times accurately. There are many variables that can impact the amount of time a household waits to have a successful bid on the Choiced Based Lettings scheme: there is an approximate 5 7 year wait for households in band C (the largest priority group) but this may be less if waiting for a one bed property and could be longer if waiting for a four bed property. Another consideration can be the number of new build properties, with larger developments reducing waiting times for a period, or the number of void properties becoming available that are ready to let.
- 1. 1-bed affordable dwelling;
- 2. 2-bed affordable dwelling;
- 3. 3-bed affordable dwelling; and
- 4. A 4+ bed affordable dwelling.
 - 3. The average waiting times at <u>31 March 2022</u> for the following types of affordable property across the Authority: Please see answer to Q2.
- 1. 1-bed affordable dwelling;
- 2. 2-bed affordable dwelling;
- 3. 3-bed affordable dwelling; and
- 4. A 4+ bed affordable dwelling.
 - 4. The total number of households on the Council's Housing Register <u>at 31</u> <u>March 2023</u> specifying the following locations as their preferred choice of location: We do not collect Housing Register data by ward and, therefore,

cannot provide this information. Please be aware that Ferring Ward does not fall within the jurisdiction of Worthing Borough Council but you may be able to obtain information relating to Ferring Ward by contacting Arun District Council.

- 6. Any changes the Council has made to its Housing Register Allocations Policy since 2011 including: Please find attached a copy of the Worthing Borough Council's Register of Housing Need and Choice Based Lettings Policy, published in 2014. There have been no amendments made to this policy.
- The date they occurred;
- What they entailed; and
- Copies of the respective documents

Social Housing Stock

- 7. The total number of social housing dwelling stock at 31 March 2023 in the following locations: Worthing Borough Council does not own social housing stock and therefore does not hold this information. You may be able to find information about social housing stock in the Worthing area from the following sources:
- https://www.adur-worthing.gov.uk/housing/looking-for-a-home/housing-associations/

Extracts from Planning Practice Guidance

*as of 23/11/2022

Section	Paragraph	Commentary	
Housing and Economic Needs Assessment	006 Reference ID: 2a- 006-20190220	This section sets out that assessments of housing need should include considerations of and be adjusted to address affordability.	
		This paragraph sets out that "an affordability adjustment is applied as household growth on its own is insufficient as an indicators or future housing need."	
		This is because:	
		 "Household formation is constrained to the supply of available properties – new households cannot form if there is nowhere for them to live; and people may want to live in an area in which they do not reside currently, for example to be near to work, but be unable to find appropriate accommodation that they can afford." 	
		"The affordability adjustment is applied in order to ensure that the standard method for assessing local housing need responds to price signals and is consistent with the policy objective of significantly boosting the supply of homes. The specific adjustment in this guidance is set at a level to ensure that minimum annual housing need starts to address the affordability of homes."	
Housing and Economic Needs Assessment	018 Reference ID 2a- 01820190220	Sets out that "all households whose needs are not met by the market can be considered in affordable housing need. The definition of affordable housing is set out in Annex 2 of the National Planning Policy Framework".	
Housing and Economic Needs Assessment	019 Reference ID 2a- 01920190220	States that "strategic policy making authorities will need to estimate the current number of households and projected number of households who lack their own housing or who cannot afford to meet their housing needs in the market. This should involve working with colleagues in their relevant authority (e.g. housing, health and social care departments).	
Housing and Economic Needs Assessment	020 Reference ID 2a- 02020190220	The paragraph sets out that in order to calculate gross need for affordable housing, "strategic policy-making authorities can establish the unmet (gross) need for affordable housing by assessing past trends and current estimates of:	
		 the number of homeless households; the number of those in priority need who are currently housed in temporary accommodation; the number of households in over-crowded housing; the number of concealed households; 	

		 the number of existing affordable housing tenants in need (i.e. householders currently housed in unsuitable dwellings); and the number of households from other tenures in need and those that cannot afford their own homes, either to rent, or to own, where that is their aspiration."
Housing and Economic Needs Assessment	024 Reference ID 2a- 02420190220	The paragraph states that "the total need for affordable housing will need to be converted into annual flows by calculating the total net need (subtract total available stock from total gross need) and converting total net need into an annual flow based on the plan period". It also details that: "An increase in the total housing figures included in the plan may need to be considered where it could help deliver the required number of affordable
Housing Supply and	031	homes." With regard to how past shortfalls in housing
Delivery	Reference ID: 68- 031-20190722	completions against planned requirements should be addressed, the paragraph states:
	33. 23.00.22	"The level of deficit or shortfall will need to be calculated from the base date of the adopted plan and should be added to the plan requirements for the next 5 year period (the Sedgefield approach)"

Council housing sell-off continues as government fails to replace most homes sold under Right to Buy

Home ownership has fallen since the policy was introduced and flats are ending up in the hands of private landlords, writes **Jon Stone**

Sunday 21 June 2020 09:18

Two-thirds of the council homes sold off under Right to Buy are still not being replaced by new social housing despite a promise by the government, official figures show.

<u>Housing</u> charities warned that enough "desperately needed" genuinely affordable housing is simply not being built, with an overall net loss of 17,000 homes this year from social stock.

Since the policy was updated in 2012-13, 85,645 homes have been sold through the policy, but only 28,090 built to replace them, statistics from the Ministry of Housing, Communities and Local Government show.

Under Right to Buy, the government sells off council housing at discounts of up to £100,000 to tenants.

Despite pitching the policy as a way to get more people on the property ladder, overall home ownership has actually fallen significantly since it was introduced in the 1980s.

Previous studies have shown that around 40 per cent of flats sold under the policy since the 1980s have ended up in the hands of private landlords, who let the homes out to private tenants at higher rates. The proportion is thought to be even higher in areas of high housing pressure like London.

Councils warned ministers when the policy was updated that the steep discounts meant the money would not be enough to replace homes one-to-one, and that the very existence of the policy undermined their ability to finance housebuilding by making it impossible to reliably borrow against future rents.

The government officially committed to replace the extra homes sold due to an increase in discounts in 2012-13, but housing charities say the affordable sector cannot afford to bleed stock at all. The government is still around 7,000 homes short of its own target, which covers construction up to the third quarter of 2016-17 because councils are given three years to replace the sold stock.

Jon Sparkes, chief executive at homelessness charity <u>Crisis</u>, said: "These statistics demonstrate just how serious the current housing crisis is. What few social homes that are available are largely being removed from the market as part of Right to Buy, and the supply is not being replenished in line with this.

"People in desperately vulnerable circumstances are being left with dwindling housing options as a consequence of our threadbare social housing provision. This is all the more worrying considering the rise we expect in people being pushed into homelessness as a result of the pandemic.

"To address this, we need to see the government suspend Right to Buy going forward and prioritisation for social housing being given to people who are homeless so they are able to better access what is currently available. Alongside this, we also need commitment to build significantly more social homes in the coming years to keep in step with demand.

"Ending homelessness in the UK is completely within our grasp, but requires a rethink of existing policies that stand in the way."

In 2018 Theresa May announced that a long-standing borrowing cap preventing councils from building more homes would be lifting. A survey by the Local Government Association

conducted in March 2019 found that a startling 93 per cent of councils were planning to use the extra headroom.

The Scottish and Welsh governments have already ended Right To Buy, citings its effect on the council housing stock.

Commenting on the Right to Buy figures, Polly Neate, chief executive of the housing charity Shelter, said: "The coronavirus pandemic has drummed into us the importance of having a safe home like nothing before. By the same token it's made it crushingly clear that not enough people do – including the million-plus households stuck on social housing waiting lists. Many of whom are homeless or trapped in grossly overcrowded accommodation right now.

"Despite being desperately needed, our recent track record on building new social homes is atrocious. There was actually a net loss of 17,000 social homes last year, and as it stands Right to Buy isn't helping. While some people have benefited from the scheme, the failure to replace the properties sold has deprived many others of a genuinely affordable social home.

"But the status quo can be changed. As the government plots its economic recovery from coronavirus, it could give councils the means they need to replace and build social housing. As well as helping to create jobs and get housebuilding going again, this would offer all those without one, their best shot at a safe home."

Asked about the figures, a spokesperson for the Ministry of Housing, Communities, and Local Government said: "The government is committed to Right to Buy, which has helped nearly two million council tenants realise their dream of home ownership and get on the property ladder.

"Since 2010 we have delivered more homes for social rent – over 140,000 in total – compared to the number of homes sold under the Right to Buy scheme."

The ministry's statement is misleading, however, as the 140,000 figure refers to all social housebuilding rather than those homes built to replace housing sold under Right To Buy using receipts earmarked for this purpose.

Affordable Housing as a Separate Material Consideration

Affordable Housing as a Separate Material Consideration

- 1. Regarding the weight to be attached to the proposed affordable housing benefits at the appeal site, the need is acute, the benefits are significant, and the weight in the planning balance should be <u>very substantial weight</u>. Affordable housing is a material benefit and should therefore be awarded its own weight in the planning balance.
- 2. Many appeal decisions issued by Inspectors and the Secretary of State ("SoS") have recognised affordable housing as an individual benefit and have specifically awarded affordable housing provision its own weight in the planning balance. Some examples are summarised below.

Appeal Ref.	Site Name	Decision Type	Decision	Date	Paragraph Ref.	Weight to Affordable Housing	Paragraph Text
APP/M0655/W/1 7/3178530	Land at Peel Hall, Warrington	SoS	Allowed	09-Nov-21	24	Very substantial	" He further agrees (IR524) that the provision of affordable housing attracts very substantial weight, for the reasons given."
APP/A2280/W/2 0/3259868	Land off Pump Lane, Rainham, Kent	SoS	Dismissed	03-Nov-21	33	Substantial	"The Secretary of State considers that the weight to be afforded to the delivery of housing in the light of the housing land supply shortfall is substantial (all IR12.201). Similarly, the Secretary of State agrees at IR12.202 that for the reasons given there is an acute need for affordable housing and in light of that, the delivery of at least 25% of the residential units as affordable accommodation attracts substantial weight."
APP/W1850/W/2 0/3244410	Land North of Viaduct adj. Orchard Business Park, Ledbury	SoS	Allowed	15-Mar-21	27	Substantial	"For the reasons given in IR16.122-16.123, the <u>Secretary of State also gives</u> substantial weight to the delivery of affordable housing."
APP/Y0435/W/1 7/3169314	Newport Road and Cranfield Road	SoS	Dismissed	25-Jun-20	32	Significant	"Weighing in favour of the proposal, the Secretary of State affords the provision of affordable housing significant weight and also affords the provision of market housing significant weight."
APP/E5330/W/1 9/3233519	Land at Love Lane, Woolwich	SoS	Dismissed	03-Jun-20	28	Substantial	"The Secretary of State considers that, in terms of benefits, the provision of housing benefits and affordable housing benefits each carry substantial weight."

	T .	<u> </u>		1		1	
APP/Q3115/W/1 9/3230827	Oxford Brooks University, Wheatley Campus	SoS	Allowed	23-Apr-20	35	Very substantial	35 "Given the seriousness of the affordable housing shortage in South Oxfordshire, described as "acute" by the Council, he agrees with the Inspector at IR13.111, that the delivery of up to 500 houses, 173 of which would be affordable, are considerations that carry very substantial weight." IR 13.111 "The Framework attaches great importance to housing delivery that meets the needs of groups with specific housing requirements. In that context and given the seriousness of the affordable housing shortage in South Oxfordshire, described as "acute" by the Council, the delivery of up to 500 houses, 173 of which would be affordable, has to be afforded very substantial weight irrespective of the fact that the Council can demonstrate a 3/5YHLS."
APP/G1630/W/1 8/3210903	Land at Fiddington, Ashchurch near Tewkesbury	SoS	Allowed	22-Jan-20	20	Substantial	"The Secretary of State agrees with the Inspector, and further considers that the provision of affordable housing in an area with a serious shortfall would be of significant benefit and attracts substantial weight in favour of the proposal."
APP/A0665/W/1 4/2212671	Darnhall School Lane	SoS	Dismissed	04-Nov-19	28	Substantial	"The Secretary of State agrees that the social benefits of the provision of affordable housing should be given substantial weight, for the reasons set out at IR408-411."
APP/P4605/W/1 8/3192918	Former North Worcestershire Golf Club, Hanging Land, Birmingham	SoS	Allowed	24-Jul-19	33	Significant	30 "Weighing in favour the <u>Secretary of State considers that the 800 family homes, including up to 280 affordable homes is a benefit of significant weight."</u>
APP/E2001/W/1 8/3207411	Hutton Cranswick	Inspector	Dismissed	05-Jun-19	39	Significant	"However, aside from the provision of affordable housing (to which I attach significant weight), the provisions are essentially intended to mitigate the effect of the development-although they could be of some benefit to the wider public, and I have therefore given them very limited weight."
APP/P0119/W/1 7/3191477	Coalpit Heath, South Gloucestershire	Inspector	Allowed	06-Sep-18	61	Substantial	"There are three different components of the housing that would be delivered: market housing, affordable housing (AH) and custom-build housing(CBH). They are all important and substantial weight should be attached to each component for the reasons raised in evidence by the appellants, which was not substantively challenged by the Council, albeit they all form part of the overall housing requirement and supply. The fact that the much needed AH and CBH are elements that are no more than that required by policy is irrelevant—they would still comprise significant social benefits that merit substantial weight."
APP/L3815/W/1 6/3165228	Land at the Corner of Oving Road and A27, Chichester	Inspector	Allowed	18-Aug-17	63	Substantial	"Moreover, the provision of 30% policy compliant affordable houses carries weight where the Council acknowledges that affordable housing delivery has fallen short of meeting the total assessed affordable housing need, notwithstanding a recent increase in delivery. With some 1,910 households on the Housing Register in need of affordable housing, in spite of stricter eligibility criteria being introduced in 2013 there is a considerable degree of unmet need for affordable housing in the District. Consequently I attach substantial weight to this element of the proposal."

APP/P1425/W/1 5/3119171	Mitchelswood Farm, Newick, Lewes	SoS	Allowed	23-Nov-16	18	Significant	"For the reasons given at IR196-201 the Secretary of State agrees that the provision of 20 affordable homes is a tangible benefit of significant weight."
APP/G1630/W/1 4/3001706	Cornerways, High Street, Twyning	Inspector	Allowed	13-Jul-15	63	Very substantial	"Table 7.16 of the Strategic Housing Market Assessment [SHMA] Update [CDA17] identifies that the net annual need for affordable housing in Tewkesbury is 587 dwellings. This is more than twice the equivalent figure for the neighbouring District of Wychavon, despite the fact that Tewkesbury's population is little more than two thirds of that in Wychavon. The Inspector in the Wychavon appeal found that the provision of affordable housing in that case: "is a clear material consideration of significant weight that mitigates in favour of the site being granted planning permission"; the Secretary of State agreed. Given the much larger quantum of identified need in Tewkesbury and the magnitude of the accumulated shortfall in affordable housing delivery, it would be appropriate to attribute very substantial weight to this important benefit of the proposal."
APP/E2001/A/13 /2200981 and APP/E2001/A/14 /221394	Brickyard Lane, Melton Park, East Riding	SoS	Dismissed	25-Jun-15	11	Substantial	"However, he also agrees with the Inspector's conclusion that <u>substantial weight</u> <u>should attach to the proposals in proportion to the contribution they would make</u> <u>to the supply of affordable housing.</u> "
APP/K2420/A/13 /2208318	Land surrounding Sketchley House, Watling Street, Burbage, Leicestershire	SoS	Allowed	18-Nov-14	13 / IR 6.19	Substantial	13. "For the reasons given at IR11.20-IR11.23, the Secretary of State agrees with the Inspector's findings in relation to affordable housing, and with his conclusion at IR11.23 that the need for affordable housing is acute and warrants the provision offered by the appeal proposal." IR 6.19 "In those circumstances, there is no reason to depart from the statutory basis to providing for affordable housing set out in policy 15 of the Core Strategy. The policy takes account of the needs identified in the SHMA (2008) and was found to be sound by the Core Strategy Inspector. Hence, although substantial weight should be given to the affordable housing offered, that weight should not be overwhelming."
APP/H1840/A/1 3/2199085 and APP/H1840/A/1 3/2199426	Pulley Lane, Droitwich Spa	SoS	Allowed	02-Jul-14	23 / IR 8.126	Very significant	23. "For the reasons given at IR8.112-8.126, the Secretary of State agrees with the Inspector's conclusion at IR8.127 that the Council does not have a 5-year supply of housing land and the appeal scheme is necessary to meet the housing needs of the district, including the need for affordable housing." IR 8.126 "It seems to me that the Council has largely ignored the affordable housing need in its evidence. The poor delivery record of the Council has also been largely overlooked. The Council's planning balance is struck without any apparent consideration being given to one of the most important reasons why housing in Droitwich Spa is needed. From all evidence that is before me the provision of affordable housing must attract very significant weight in any proper exercise of the planning balance.[4.47]"
